

Fellowship Committee

Some of the activities we hold annually are:

Chili Cook-Off/white elephant auction in the winter
Outdoor service and picnic in the late summer

The fellowship Committee plans social activities for the church in hopes of pulling everyone together to fellowship with each other and get to know one another better. It's a great conversation starter to get to know others and learn where their interests lie.

This gives us the opportunity to address where best these people fit into some of the groups and committees we have if they are interested, or if there is something else we can offer that people may enjoy. It's a good tool to welcome people into our congregation and serve them the best way possible. It's also a good time to just get together and spend a little time enjoying each other's company.
